- ADP Adult Day Program
- ADCRC Alzheimer's Day Care Resource Center

Each day at Triple-R is filled with laughter between friends, lively music, good food and fun activities. Specializing in dementia care, Triple-R is uniquely prepared to face the challenges people with memory loss often experience – including wandering, anxiety, incontinence and mood swings; and to offer participants a sense of success and accomplishment through carefully designed activities. Triple-R supports our family caregivers with services such as individual and group counseling, educational workshops on dementia care and a resource library. Caring for someone with dementia is a journey that can often be eased by sharing your experience with others. Come visit our program and meet our trained and compassionate staff.

- ADCRC Alzheimer's Day Care Resource Center

Our center is a celebration of Latino culture through music, dance, food and other social activities designed especially for older adults with early-to-middle stage dementia or severe depression. Located on an elementary school campus, we provide a bi-lingual adult day program that overlooks the bustling school soccer field and is full of fun and vitality. Family caregivers are encouraged to either relax on the leather sofas and chat with each other while their parents enjoy activities carefully designed to create a sense of success and accomplishment – or to leave their loved ones in our care while they receive some much deserved respite.
